

ONE DEGREE

Why work with One Degree?

Shaping and influencing the lives of young people to be the best that they can be is rewarding in itself, hence why I became a teacher. However, through teaching on the One Degree programme, I feel that I am making a real difference.

The fact that the students, who come from disadvantaged backgrounds, make a commitment to the programme and are motivated to succeed is empowering. Many simply need a boost of confidence and self-belief and the fact that the team of mentors and I are able to provide that reassurance and support is fantastic.

Having worked in a variety of schools, with over 10 years teaching experience, I don't think I have ever felt as fulfilled. It is only through working with the One Degree family that I know that I have truly made a difference.
